

## **Survey Technician – Full Time Field & Office**

**Field personnel wanting to learn the office side of surveying will be trained on the job. At Urban Terrain, all surveyors are trained and expected to work both in the field and office.**

We are seeking a full-time survey draftsman to draw maps, plans and survey related products for a Land Surveying Company. The ideal candidate will have a 2-year associate degree or certificate from a CAD drafting course or high school program. Must be familiar with Carlson Software and have experience drafting in AutoCAD or IntelliCAD platforms. We use Carlson running with IntelliCAD.

At a minimum, the candidate will be able to start a new drawing, determine the best scale and sheet size for the project, draw linework, add text, labels & symbols. Import GIS shapefiles, georeferenced images, and an understanding of survey bearings and measurements.

The candidate should also be proficient in Microsoft Office products, specifically Word and Excel, and have strong organizational skills and attention to detail.

Our typical projects consist of boundary, topographic and ALTA/NSPS Land Title surveys. Candidates will work under the direct supervision of a Licensed Land Surveyor. All levels of experience will be considered.

Urban Terrain LLC offers our employees competitive salaries, medical stipend, simple IRA with 3% match and generous Paid Time Off (PTO) and holiday pay.

Email your resume to Amy Hopkins, PLS at [ahopkins@urbanterrain.net](mailto:ahopkins@urbanterrain.net) and visit our website at [www.urbanterrain.net](http://www.urbanterrain.net).
