

This book is dedicated to the
PAST, PRESENT & FUTURE Professional Land Surveyors.

About this book...

This story book has been prepared to provide an understanding of the profession of Land Surveying. It may be used for a class lesson to help explain the role surveying has played in the development of our country.

Related historical topics may include the lives of George Washington and Thomas Jefferson as surveyors, the Lewis and Clark Expedition, the Mason-Dixon Line surveys, the Hayden Surveys of the West, and other historical surveying events.

Members of the Pennsylvania Society of Land Surveyors are available to present programs to students who show a keen interest in Math, Science and the outdoors.

Information about the profession of Land Surveying can be obtained from one of your local chapters of the Pennsylvania Society of Land Surveyors via website: www.psls.org or email: psls@psls.org
