Hello, PSLS members and friends,

Last week we announced that the 2021 Annual Conference was not going to be held. We are sure many of you asked yourselves, “How will I get my continuing education credits to renew my license in September of 2021?” To answer your question, the Education Committee would like to provide you with a sneak preview of what we are working on.

Training Days:

- We are planning separate virtual events on five different days during which an ‘attendee’ can obtain six (6) credits per day.
- The training days will be held one day each in the months of January, March, May, July and August.
- Course topics and speakers are being worked out and we are just now starting to reach out to potential speakers.
- If you take all the courses offered you would be able to accumulate 30 credit hours.

Surveyor Training on the Road:

- In addition, we are discussing the possibility of hosting localized seminars across the Commonwealth.
- These sessions would be limited attendance due to COVID19 restrictions with specialized topics and highly sought-after speakers.
- The same seminars would be repeated across the state depending on interest.

Please understand that the Education Committee is working diligently to insure everyone will have plenty of opportunities to get those credit hours. We are deeply committed to providing quality education to our membership.

If you have specific concerns or suggestions, please do not hesitate to reach out.

Scott R. Reeser, P.L.S.
