### **Job Description**

---

We are seeking an experienced Land Surveyor/Crew Chief to fill an opening at our Pennsylvania office located in Moon Township, PA. This is a full-time, hourly position, as weather permits, and starts from \$30 - \$37 per hour commensurate with qualifications and experience.

The successful candidate will have knowledge of all aspects of land surveying including project management, field operations, and supervision of a field crew. Much of your work will be in the field. Because we are a small, flexible firm that trusts and empowers our staff, we will help you develop professionally and we will look to you to help grow our surveying business through hard work, a commitment to quality, and a focus on client satisfaction. We work on a full range of projects, including airports, federal sites, interstate highways, and private residential surveys. We need a candidate who can do it all.

#### **Primary duties and responsibilities:**

- + Field work, including all work necessary to complete various types of land surveying work
- + Working knowledge and use of coordinate geometry and math skills
- + Supervision and training of survey technicians
- + Limited office work, as necessary, to finish field work and to assist other surveyors

#### **Requirements:**

- + Licensed as a Professional Land Surveyor (PLS) in at least one of the following states: PA, OH, WV, and/or VA
- + Be willing to travel in a 6-state area for projects that could require 2 weeks in the field
- + Associate's or bachelor's degree in Survey Engineering preferred, but not required
- + Minimum of 10 years of Survey Crew Chief experience (or the amount required for your PLS in the appropriate state)
- + Experience working on federal contracts/projects is a plus
- + Be willing to work outdoors under various field conditions and exposure to traffic, heat, cold, and other adverse conditions
- + Be organized, punctual, accountable, motivated, and detail oriented
- + Have knowledge of Trimble products, Trimble Business Center, Trimble Access, and Data collectors
- + Have ability to take clear and concise field notes and make sketches, as well as understand and interpret construction drawings

- + Enjoy working with other surveyors and sharing knowledge - supervise, develop, and mentor others
- + Must have a valid driver's license to get approval from company insurance to drive company vehicles
- + Must pass a drug screening and background check
- + HAZWOPER 40-hour training is preferred

**For Your Submittal:**
