Work For Us

Are you ready to join a dynamic team, focused on Safety, Wellness and Service? Do you aspire to join a growing team of professionals? Cultivate your career by joining Triad Engineering, Inc.'s team as a Survey Crew Chief in our offices in New Stanton, PA and/or Morgantown, WV. While each day may include a wide array of responsibilities, your focus on and dedication to quality will ensure success. We are committed to investing in our team members as we all focus on the continued success of the company-funded employee stock ownership plan (ESOP).

Feel the security of working for the Triad team by experiencing the following benefits:

- Excellent compensation and benefits package including:

Medical, dental, vision insurance

401(k) plan

Paid holidays

Life, Short- and Long-term disability insurance with company-paid premiums

- Employee Stock Ownership Plan (ESOP)
- Employee Assistance Program
- Wellness Program
- Company supported Professional Development
- Personal Protective Equipment provided
- Career Advancement

What You'll Do

Being part of the Triad team as a Survey Crew Chief and with direction from the Survey Practice Leader, you will be responsible for leading field aspects of a project by planning, organizing and directing the daily work of the survey crew. Exposure to a wide variety of diverse responsibilities may include but not be limited to:

- Ensure safety is always prioritized
- Collaboration with Survey Supervisor and/or practice leader in scheduling and coordinating field work
- Supervise work of survey crew, evaluate priorities and coordinate and organize the work efforts without direct supervision
- Verify field survey activities are performed in accordance with standard procedures, standards set by applicable state statutes, and the ACSM
- Maintain equipment by cleaning, completing preventative maintenance and performing calibrations
- Communicate effectively with professional staff regarding projects
- Participate in business development and customer service

Desired Qualifications

- High school diploma or equivalent
- Additional courses in mathematics and surveying - Preferred
- 4 years of experience with progressing responsibility in working on a survey crew
- Must possess a valid driver's license and have a clean driving record
- Must be available to work in all types of indoor and outdoor environments

WHO WE ARE

Triad Engineering, Inc. (Triad) is an employee-owned firm that cares about each other, our work, and our clients. Our involvement from property acquisition through construction affords us the ability to offer our expertise during all phases of a project which ultimately leads to greater success. At Triad, we are small enough to be responsive to individual client needs, yet large enough to remain at the forefront of our industry. We've heard from clients that our people make the difference. Come join the Triad team and help us continue to be the difference.

As a multi-disciplinary consulting firm established in 1975, we focus on providing geotechnical and civil engineering, landscape architecture, environmental services, land surveying, construction testing and monitoring, drilling, and construction materials laboratory services, to a wide range of clients. We pride ourselves on being an employee-owned firm with nearly 175 employees throughout West Virginia, Virginia, Maryland, Pennsylvania and Ohio.

Triad Engineering, Inc. is a Drug-Free Workplace. As a condition of employment, candidates are required to take and pass a pre-employment drug screening.

Triad Engineering, Inc. is proud to be an Equal Opportunity Employer.
