

PLS Foundation: Supporting Future Surveyors

The Pennsylvania Land Surveyors' (PLS) Foundation is dedicated to helping promote, improve, and encourage the practice of land surveying to future generations. When you donate, you not only help support your profession, you:

- Create public awareness about land surveying career opportunities,
- Provide financial assistance to individuals pursuing an education in land surveying,
- Make grants and contributions to educational institutions to enhance a land surveying curriculum, and
- Offer financial assistance to individuals or educational institutions for research in land surveying.

As part of its mission, the Foundation offers annual scholarships to land surveying students who exhibit academic excellence and personal commitment to the betterment of society. Each year, the Foundation awards thousands of dollars in scholarship money to Pennsylvania residents who are pursuing a bachelor's degree or an associate degree in land surveying. To date, total funds dispersed exceed \$200,000.

Play your part in giving direction to the surveyors of tomorrow and helping to perpetuate the profession by donating to the Foundation today! The Foundation welcomes support not only from members, but from corporations and all individuals who believe in the Foundation's mission. Visit the PLS website at www.psls.org for more information.
